

Maths

Year 3

Understand additive relationships and apply them to rearrange equations

Column addition

Year 4

Understand what happens when a number is multiplied or divided by 10 and 100

Coordinates

Enquiry – Geography

Rivers and the Water Cycle

To be able to use an atlas to name and locate rivers of the UK and around the world.

To be able to identify the key features of a river.

To be able to describe the journey of a river.

To understand the differences between human and physical features of a river.

To understand the process of the water cycle.

To create a model to explain the process of the water cycle.

Computing – Data logging

In this unit, children will consider how and why data is collected over time. Children will consider the senses that humans use to experience the environment and how computers can use special input devices called sensors to monitor the environment.

As children go through the term they will also learn about online safety.

RE

Holy Week

To describe the main events of holy week and how these are remembered by some Christians.

FOX CLASS

Term 4

Resilience Curiosity Ambition
Independence

St Leonard's CE Primary Academy
Living and Learning Together with God's Help

English

During this half term, the children will re-cap different sentence types using the picture book 'The Rhythm of the Rain' to write their own narrative. We will use the same picture book to write a persuasive letter about the dangers of water pollution.

Enquiry – Science

States Of Matter – Term 4

•Compare and group materials together, according to whether they are solids, liquids or gases

•Observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C)

PE

Tennis and Fitness

ART

Craft and Design
Inspired by the Rainforest
Fabric of Nature

PHSE

Healthy Me

How do my choices affect my health?

Music

Y3 – Recorders
Y4 - Ukulele Lessons
